

USB-C PD Wall Charger 60W with Quick Charging Technology 3.0

The Comprehensive USB-C PD 3.0 wall charger allows you to fast charge your smart phone, tablet, power bank or other mobile devices with up to 60 Watts of charging power. This unique charger has one USB-C PD port designed for plugging into a standard AC wall outlet to provide maximum 60 watts of charging power. Works with all your USB-C enabled devices including iPad Air®, and iPad Pro®.

The Comprehensive CPWR-1QC60W Quick Charge 3.0 wall charger is perfect for charging devices in meeting spaces, offices, classrooms, tech benches, at home, on the go and anywhere in between. The CPWR-1QC60W features Quick Charge 3.0 technology and is ETL, CE, FCC, RoHS certified and includes built-in over-load and short circuit protection. This charger is covered by Comprehensive's 3 Year Worry-Free Warranty. (Requires a USB charging cable, sold separately)

Advanced Quick Charging Technology

Comprehensive's CPWR-1QC60W USB-C charger supports advanced Quick Charge 3.0 fast charge technology with USB-C Power Delivery to ensure your devices charge quickly and safely.

Up to 60W of Powerful Charging Performance

Featuring a maximum of 60 Watts charging power in a single USB-C port for charging your smart phone, laptop, tablet and other mobile devices.

Sleek Compact Design with Foldable Prongs

Compact and lightweight design with convenient foldable prongs makes this the perfect charger for your home office, cubicle, desk, living room or bedroom. Also, the perfect travel companion to keep in your luggage or travel bag so you always have charging power on the go.

Safety and Reliability Come Standard

This USB charger is ETL, CE, FCC, RoHS certified and proof of over-load protection and short circuit protection.

Worry Free Warranty

Backed by Comprehensive's 3 Year Worry-Free Warranty ensuring you can always count on Comprehensive products.
