

Qi Certified Wireless Fast Charging Stand 10W

Fast Wireless Charging speeds from 0% up to 50% in 30 minutes with provided 18W adapter

The Comprehensive CPWR-Qi110 is the perfect wireless charging solution, especially in commercial spaces. The unit's fast charging power provides high speed wireless charging to all Qi compatible mobile devices including Samsung S8, S9 S10 and iPhone 8, X, XS, XS MAX, and XR. When connected to the included Qualcomm Quick Charge 3.0 charger, it can deliver up to 10 watts of charging power to significantly reduce charging time.

Charge and Use Your Phone at the Same Time

The thoughtful and sturdy stand design lets you simultaneously charge your phone while checking your email, viewing notifications, sending texts or talking on your speakerphone. This makes the CPWR-Qi110 perfect for restaurants, offices, cubicles and more where staying charged and productive as well as keeping in touch with family at home is important.

State of the Art Qi Wireless Charging Technology

Comprehensive's CPWR-Qi110 wireless charging stand is built with advanced Qi charging technology to deliver fast charging wireless power to your mobile phone. Simply put your phone down on the wireless charging stand and your device will begin charging automatically.

Intelligent LED Indicator Provides Charging Status at a Glance

The CPWR-Qi110 also includes a LED light that indicates charging status of your device at a glance.

Qi Certified for Worry Free Use

The Comprehensive CPWR-Qi110 wireless charging pad is Qi certified for your peace of mind. WPC, the governing body of Qi wireless technology, certifies products only after ensuring they meet rigorous safety and performance standards, ensuring years of worry free use.
