

Standard Series HD15 plug to plug Cables

Standard Series VGA Cables provide exceptional value while still providing Comprehensive quality. Standard Series VGA Cables have molded HD15 male connectors on both ends and utilize a 28 gauge conductor for excellent picture clarity. 100% shielding with an additional 85% braid and dual ferrite cores provide outstanding protection from EM and RF interference for the price. Comprehensive's famous flex jacket and molded strain relief provide years of worry free use. Lifetime Warranty.

When it has to work, it has to be Comprehensive!

Features

- Premium nickel plated HD15 male connectors on each end
- 28 gauge high quality construction supports high-resolution imaging up to QXGA 2048x1536
- 85% tinned copper braid shield
- Dual Ferrite cores for extra rejection of EM and RF interference
- X-traflex Jacket for easy installation
- Molded Strain Relief
- RoHS Certified
- Lifetime Warranty

Specifications

Connector Type 1: HD15 Male
 Connector Type 2: HD15 Male
 Resolution: SVGA through QXGA (2048x1536)
 Gauge: 28AWG
 Center Conductor: Tinned Copper
 Connector Finish: Nickel
 Shielding: Triple Shielded, Inner Bare Copper Wrap, Outer 100% Aluminum Mylar Wrap, 85% Braid

UL Rated: Yes
 Ferrite Cores: Yes
 RoHS Compliant: Yes
 Jacket Type: Xtra-Flex PVC
 Temperature Rating: 80 deg C
 Voltage: 30V
 Warranty: Lifetime
