

Premium 16 AWG 2 Conductor Plenum Speaker Bulk Cable 1000ft Black Pull Box

Comprehensive's oxygen free EXF Speaker Cable is specially designed for the most demanding audio applications. EXF means extended frequency response and maximum signal integrity—even over long distances. Our engineers have designed EXF speaker cable for the most discerning ear. Tightly wound, high strand counts of oxygen free copper stranding outperforms traditional speaker cable and will stand up to the scrutiny of true audiophiles. Heavy duty construction allows totally accurate, sparkling signal transfer. EXF speaker cable is perfect for both commercial or home theater applications.

Features

- 16 awg stranded Bare Copper conductor
- Low smoke flame resistant polyvinylchloride jacket
- Excellent frequency response even over long runs
- Available in natural or black jacket
- CMP/FT6 rated for use in walls and in ceiling
- UL/cUL or ETL Listed
- Sequential foot markers

Specifications

Conductor Quantity: 2
Gauge: 16 AWG Stranded Bare Copper
Conductor Colors: Black, Red
Shield: None
Impedance: 69 Ohms
Nom Capacitance: 34pf/ft
Bulk Lengths: 500/1000
Jacket: Low Smoke PVC
Jacket Color: Black
Overall Diameter: .192"
UL Rating: CMP/FT6
Voltage Rating: 300V
Temperature Rating: 75 deg C
Weight Lbs: 30
RoHS Compliant: Yes
Warranty: Lifetime
