

USB-C to 4K HDMI Cables

Comprehensive's USB-C to 4K HDMI adapter Cable allows users with USB-C equipped devices to connect to any HDMI enabled monitor or projector. It works with USB-C devices that support DP alt mode, such as the MacBook, ChromeBook Pixel™ and Dell™ XPS™ models 15 and 13. It requires no additional software and delivers crisp picture quality at 4 times the resolution of HD 1080p. This adapter cable is backward compatible with 1080p displays ensuring universal use.

This cable includes Comprehensive's high quality Shielded Twisted Pair (STP) construction, to block electro-magnetic interference and ensure reliable data communication. Backed by Comprehensive's 3 Year Warranty, you can be assured of guaranteed quality and reliability.
