

USB-C Male to Gigabit Ethernet with 60W Power Delivery Female Dongle Adapter/Converter

Comprehensive's SuperSpeedplus 3.2 USB-C Adapter allows you to add a single RJ45 ethernet port and a Power Delivery (PD) port to a USB-C enabled computer system, with support for Gigabit network connections at full bandwidth. This device is backward compatible with older USB computer systems (speed limited by USB bus), making it the ideal portable replacement network adapter or laptop accessory. You can charge your laptop or other mobile device while at work connected to the network. This adapter/converter is covered under Comprehensive's Worry-Free Lifetime warranty.

Designed for 1Gbps Networks

Comprehensive's USB-C to RJ45 adapter supports 1Gbps data transfer speed for use with the majority of corporate networks.

Add Network Connectivity and Charging Capability To Your Mobile Device

This unique USC-C Ethernet adapter allows charging to your laptop or mobile device up to 60 watts while simultaneously connected to your network for additional convenience.

OS Compatibility Included

This adapter is compatible with Windows®, Mac®, iPadOS®, Android as well as Chrome™ OS and offers a broad range of operating system choices to nearly all computer or mobile devices.

Thunderbolt™ 3 Compatible

This USB-C enabled device works seamlessly with Thunderbolt™ 3 capable USB-C ports on applicable devices.

Worry-Free Lifetime Warranty

Value is knowing a product you buy today will work for you tomorrow and in the years to come. At Comprehensive, we are dedicated to providing you with the best professional cable and connectivity products money can buy at a fair price. This dongle is covered by Comprehensive's Worry-Free Lifetime warranty, so you can be assured it will keep on working and last a lifetime.
