

VersaHub™ USB-C to DP MST Dual DisplayPort 4K60 Monitor Hub

Comprehensive's Dual DisplayPort MST VersaHub™ connects your device using a single USB Type-C cable to two output MST enabled DisplayPort monitor displays for video mirroring or video extensions. This one to two hub supports up to 8K resolution for single displays and 4K resolutions for dual displays.

Up To 8K Resolution Stunning UHD Quality

Comprehensive's VHUB-MSTC2DP supports maximum video resolution of up to 7680 x 4320P@30Hz for single display and 3840 x 2160@60Hz for dual displays to deliver stunning video and image quality.

Multi-Stream Transport (MST) Technology Extends Your Content Across Multiple Monitors

This unique hub allows you to send your computer screen to additional monitors or stream independent content to each individual monitor display.

MST Hub Makes Multitasking Effortless

The VHUB-MSTC2DP allows you to extend your desktop to two additional monitors or displays and allows you to simultaneously browse the web while composing emails or preparing documents on separate monitors to increase productivity.

Compatibility Included

The VersaHub™ VHUB-MSTC2DP is compatible with all major operating systems including Windows®, Mac®, Android®, iPadOS, and Chrome™, ensuring simple plug and play connectivity whenever you need it.

Thunderbolt™ 3 Compatible

This USB-C enabled hub works with devices that utilize a Thunderbolt 3 Type-C port.

Versatility Is In The Name

Like our popular VersaDocks™, VersaHubs™ are versatile solutions to provide quick and easy connectivity with a wide range of devices. Whether you are working at the office, at home or on the road, you always have the connectivity you need to be productive.

Quality And Reliability

Backed by a 3 Year limited warranty, you can be assured of Comprehensive's famous quality and reliability.
