

VersaHub™ USB-C to HDMI MST Dual Monitor 4K60 Hub

Comprehensive's Dual HDMI MST VersaHub™ connects to your device using a single USB Type-C cable to output two MST enabled HDMI monitor displays for video mirroring or video extension. This 1 to 2 hub supports up to 4K UHD resolution for single and dual displays.

Up To 4K Resolution Stunning UHD Quality

Comprehensive's VHUB-MSTC2HD supports maximum video resolution of up to 3840x2160@60Hz for dual displays to deliver stunning video and image quality on both screens.

Multi-Stream Transport (MST) Technology Extends Your Contents Across Multiple Monitors

This unique hub allows you to send your computer screen to additional monitors or stream independent content to each individual monitor display.

MST Hub makes Multitasking Effortless

The VHUB-MSTC2HD allows you to extend your desktop to two additional monitors or displays and allows you to simultaneously browse the web while composing emails or preparing documents on separate monitors to increase productivity.

Compatibility Included

The VersaHub™ VHUB-MSTC2DP is compatible with all major operating systems including Windows®, Mac®, Android®, iPadOS, and Chrome™, ensuring simple plug and play connectivity whenever you need it.

Thunderbolt™ 3 Compatible

This USB-C enabled hub works with devices that utilize a Thunderbolt 3 Type-C port.

Versatility Is In The Name

Like our popular VersaDocks™, VersaHubs™ are versatile solutions to provide quick and easy connectivity with a wide range of devices. Whether you are working at the office, at home or on the road, you always have the connectivity you need to be productive.

Quality And Reliability

Backed by a 3 Year limited warranty, you can be assured of Comprehensive's famous quality and reliability.
