WALL PLATES

HDMI Pass-Through Single Gang Aluminum Wall Plate with Pigtail

Comprehensive's WPPT-HD1-AC pass-through single gang dual HDMI wall plate is perfect for all in-wall cabling applications requiring HDMI connectivity. Constructed of brushed anodized aluminum, this pass-through wall plate offers a clean and professional appearance to reduce cable clutter.

The slightly recessed pass-through HDMI port is professional grade for repeated use in offices, meeting spaces, classrooms, houses of worship, or wherever HDMI room connectivity is required. The HDMI port includes a thin, flexible pigtail cable to accommodate the tight bend radius required for installations within a standard junction box.

Pass-Through Receptacles and Pigtails

The HDMI port includes a thin, flexible pigtail cable to accommodate the tight bend radius required for installations within a standard junction box.

High Quality and Durability

Constructed of high quality brushed anodized aluminum, the wall plate is durable and long lasting for commercial usage including offices, meeting spaces, classrooms, hotels, houses of worship and other spaces requiring HDMI room connectivity.

Cuts Down on Cable Clutter

This pass-through wall plate offers a clean and professional appearance and helps reduce cable clutter in professional spaces.

Quick and Easy Installation

Comprehensive's aluminum wall plate fits all standard single gang cut-outs and installs in minutes.

Lifetime Warranty

This pass-through wall plate comes with Comprehensive's Lifetime Warranty for a lifetime of worry-free use.
