TRANSFORMER™ CABLES
Convert them to suit your connection needs!

Cable Identification
Now Comes Standard!

7 Colored ProID™ Rings Included

ProID™ is the revolutionary new cable identification system exclusively from Comprehensive. Included with most Pro AV/IT Integrator Series ™ Cables, ProID™ is a set of seven (7) color-coded identification rings that allows you to quickly and easily identify your Comprehensive cables at a glance.

Perfect for Every Installation

With ProID™ from Comprehensive, color-coding your installations has never been easier and the best part is, it is included at no extra charge with most Comprehensive Integrator Series™ Cables. Just another way that Comprehensive makes your installations easier.

Changing Colors is Quick & Easy

Want to change colors? No problem! Changing colors is quick and easy and can be done in seconds. Just stretch the ring and slide it up or down the connector and into the pre-prepared slot at the base of the connector. It automatically snaps into place and you are ready to go!
