

Comprehensive 6-Outlet Black Surge Protector Power Strip 1875W with 4 USB Charging Ports

Comprehensive's surge protector has six electrical sockets and four USB ports carrying 1875W maximum power. It has multiple protection with 1800 Joules surge protection rating to protect your personal computer, laptop, mobile phones, printer, scanner, router, television, or any other home/office electronics from power surges, spikes & line noise.

This Pro AV/IT surge protector power strip is built with extra-strength of Polycarbonate thermoplastic material for the housing body. It is lightweight but flame retardant, stress crack resistant and capable of withstanding extreme temperatures either high or low.

The 6-foot (or 12-foot) AC power cord gives you the flexibility to reach distant outlets and its right-angle flat plug allows furniture and equipment to be moved against the wall for space saving.

Six (6) AC sockets and Four (4) USB Ports for surge protection and charging

Comprehensive's Pro AV/IT Surge Protector Power Strip features six (6) 120V AC sockets and four (4) USB Ports (3 USB-A and 1 USB-C) can charge ten devices simultaneously including your computer, laptop, phone, camera, and more. The built-in LED mini lights indicating when devices are grounded and surge protected.

Safeguard Your Electronic Devices and Appliances

This surge protector power strip has an 1,800-Joule energy rating providing a reliable power extension cord to protect printers, broadband modems, or home theater systems. It secures your electronic devices from overload, short circuit, power spikes, lightning strikes, or fluctuations.

Heavy Duty and Durable structured body meet multiple needs

This surge protector body is made by premium Polycarbonate thermoplastic material that features flame retardant and excellent impact resistance strength at high or low temperature. The durable power cord is 6 feet (or 12 feet) long with a 3-prong 45° angle plug convenient for tight spaces.

Wide Spaced sockets with right angled flat plug

It has six (6) wide spaced sockets with 0.55"– 0.75" distance in between giving ample area to fit over-sized plugs and brick chargers ideally for home office, workstations, and meeting rooms.

Anti-Slip Pads and Mountable Holes

This surge protector has four anti-slip mats and two mounting holes on the back which is specially for anywhere installation.

Quality and Reliability

Backed by lifetime warranty, you can be assured of Comprehensive's famous quality and reliability.

Features

- 15amps circuit breaker switch will safely shut-off overload or short circuit occurrence.
- The SJT 14AWG power cord provides optimal 6ft or 12ft long length to reach to your electronics and devices
- Designed with a 45° flat plug of the power cord is perfect for access tight space wall outlets or complex environment, plus two mounting holes located on the back for horizontal or vertical installation.
- Wide spaced outlets are suitable for large plugs, with screw holes on the back to help wall mounting
- EMI/RFI noise filtering eliminates noise interference
- On/Off switch with circuit breaker protects against over voltage
- ETL Listed, Conforming to UL Standard No. 1363
- Worry-free Lifetime Warranty

Comprehensive 6-Outlet Black Surge Protector Power Strip 1875W with 4 USB Charging Ports

Specifications

Power

- Power Rating: 125V/15A 1875W 50/60Hz
- USB Charging: 32W max
- USB C : 5V/3A,9V/2.22A (20W max)
- USB A1-A3: 5V/2.4A each (12W max)

Connections

- Inputs: AC Plug
- Outputs: AC electrical Sockets (6); USB Outlets (4) – Type A x 3; Type C x 1

Product Safety

- Overload Protection
- Over-Charge Protection
- Over-Heat Protection
- Short-Circuit Protection
- 1,800 Joules Surge Protection

Environmental

- Humidity: 5%-95%
- Operating Temperature: 0° - 40° C
- Storage Temperature: - 40° C to 85° C

Physical Characteristics

- Housing Material: PC945 Polycarbonate thermoplastic (PC945 non-brominated flame-retardant PC with UL-94 V0 rating)
- Color: Jet Black
- Dimensions (W x H x D): 9.5" x 3.54" x 1.2"
- Power cord Length: 6ft or 12ft

Regulatory

- FCC Compliant: Yes
- CE Compliant: Yes
- Prop 65 Compliant: No
- RoHS Compliant: Yes
- ETL certified: Yes

Warranty

- Worry Free Lifetime

Weight (Shipping)

- 0.9lbs
