

HDMI Power Injection Adapter Cable 3ft

Comprehensive's HDMI Power injection Adapter 3ft Cable is ideal for HDMI output devices which require extra power to fully function the HDMI cables. If happens that the connected device doesn't provide sufficient power at its HDMI output ports, this HDMI power injection adapter can inject 5V power from external power source to the connected downstream device. With this adapter, you can utilize the provided HDMI power injector adapter by connecting its USB-A end to a power adapter supporting 5V or an existing 5V USB port.

Peace of Mind Comes Standard

Value is knowing a product you buy today will work for you tomorrow and in the years to come. Since 1974, Comprehensive has been making the most reliable and dependable Pro AV/IT cables on the planet for our integrator and professional customers. Period. We live up to that statement with each and every cable we manufacture. So, when you purchase a Comprehensive product, you can be assured it will keep on working and last a lifetime. That's Quality You Can Count On™.

Tested and Trusted Since 1974

Since 1974, Comprehensive Pro AV/IT Series connectivity products have been trusted by Pro AV and IT systems integrators because of their legendary reliability, performance and value. That's why they have been the "go to" connectivity products worldwide for boardrooms, classrooms, data centers, schools, government installations, stadiums, broadcast studios, stages and other mission critical applications. They trust Comprehensive, and so should you.
