

HDMI, USB-A and USB-C Pass-Through Single Gang Aluminum Wall Plate with Pigtail

Comprehensive's WPPT-HD-UAC-AC pass-through single gang HDMI, USB-A and USB-C Wall Plate is perfect for all in-wall cabling applications requiring HDMI and USB 3.0 connectivity. Constructed of brushed aluminum metal, this pass-through wall plate offers a sleek and professional appearance to reduce cable clutter. It is an ideal solution to AV integrators for in-wall installation. The included USB 3.0 Type A & Type C ports support data transfer speeds up to 5Gbps and compatible with USB 2.0 devices. The pass-through ports are professional grade for repeated use in offices, meeting spaces, classrooms, houses of worship, or wherever A/V room connectivity is required. Each port includes a thin, flexible connected pigtail cable.

Pass-Through Receptacles and Pigtails

This Wall Plate comes with HDMI, USB 3.0 Type A and Type C receptacle ports and pigtail cables completely assembled and ready for installation.

High Quality and Durability

Constructed of high-quality metal, the wall plate is durable and long lasting for commercial usage including offices, meeting spaces, classrooms, hotels, houses of worship and other spaces requiring HDMI room connectivity.

USB 3.0 Port features 5Gbps Data Speed

The USB 3.0 Type A & C ports provide speed and data transfer rates up to 5 Gbps and are backwards compatible to USB 2.0 version.

Cuts Down on Cable Clutter
